## Angelic Veil™

Hybrid Tea • cv. WEKselyan • PPAF

The exquisite, classically-formed, pink with white pictate blooms of *Angelic Veil* are a breathtaking, visual feast for the eyes. Each double, spiraled bloom, measuring 3 1/2 to 4 1/2" in diameter, is a delicate assembly of 25 to 35 petals that weaves a tapestry of softness and color. Combine the visual display with the citrus-infused, moderately fruity aroma and your senses will truly feel heavenly. This beauty ascends to an upright majestic height of 2 1/2 to 6 ft. and spreads out moderately to 2 to 3ft. The glossy dark green foliage offers robust resistance against Powdery Mildew and Rust, ensuring its beauty remains unmarred throughout its blooming season from late Spring to Fall.

**Flower Color:** White edged pink  
**Height/Habit:** Medium-tall / Upright moderately spreading  
**Bloom/Size:** Classically formed, Spiraled & double / Medium-large, around 3 1/2 to 4 1/2 inch diameter, mostly single, some in small clusters, 25 to 35 petals.

**Re-Bloomer:** Repeat blooms throughout season

# Rose Awards & Information Descriptions

*The world of roses is ever-changing. Each year rose lovers are blessed with dozens of new introductions of all classes & colors with an increasing selection of fragrant & disease-resistant roses. The Weeks Roses breeding program is very honored to have won prestigious awards all across the globe. Throughout our catalog you will see icons indicating awards our rose have won. Below you will find information on the organizations behind the awards.*

## **Weeks Roses New for 2025** Wasco, CA

Each year Weeks Roses evaluates 175,000 seedlings from our breeding program.

After 8 to 10 years of rigorous further evaluation, only 4 to 6 varieties are chosen for introduction. New varieties must be superior to other roses to be chosen as a Weeks New variety. These roses are denoted by this icon.

## **American Garden Rose Selections (AGRS)** Multiple Locations

Rose varieties credited with the AGRS award are those that have produced outstanding results in numerous growing environments across the United States. The vigorous testing provides credible insight and is a key indicator of the most reliable rose varieties in the country.

## **International Fragrant Rose Trials** Nagaoka, Japan

The International Fragrant Rose Trials were started to encourage the appreciation of the beauty of fragrant roses, and to further develop the fragrant rose garden at Echigo Hillside Park. All roses are planted and brought up for two years under exactly the same conditions in the snowy and cold region of Japan.

## **American Rose Society (ARS)** Shreveport, LA

The American Rose Society offers numerous awards for every rose variety. Entries are accepted from amateur and professional growers, and criteria vary across awards.

## **American Rose Trials for Sustainability (ARTS)** Portland, Maine

Two ARTS awards are offered annually. Regional winners are varieties that average better overall score than a local control rose planted in an ARTS trial garden. ARTS Master Roses are exceptional varieties that outperform a control rose across four different climate regions.

## **Royal Horticulture Society Award of Garden Merit** Wisely, United Kingdom

The RHS Award of Garden Merit helps gardeners in the United Kingdom choose not only the best roses for their gardens but the best plants. Awards are given after a trial period and a round table discussion to debate the characteristics and garden performance that the Society is unable to trial.

## **All-America Rose Selections (AARS)** Multiple Locations

For over 70 years, the AARS was the preeminent trialing and awards program. Rose varieties were evaluated over a two-year period on numerous characteristics, including hardiness, flower, & fragrance.

## **Biltmore International Rose Trials** Asheville, NC

Biltmore International Rose Trial were hosted in the rose gardens at Biltmore. A independent jury tested and scored planted varieties with the goal of providing baseline criteria to home gardeners about which roses produce the strongest results.

## **Portland's Best Rose** Portland, OR

For 115 years, the Portland Rose Society has maintained a high-quality and well sought-after awards program. This annual award is presented to rose varieties that demonstrate superior results when grown in the Pacific Northwest region. Every distinguished variety is honored with inclusion in the Gold Award Garden.

**Disease resistance displays** detailed in this catalogue are not guarantees, but the summary results of field trials in various locations in the United States. For best results, regular nutrient feeding and care, particular to your location will help provide the most vigorous, beautiful and disease resistant roses. Spraying where appropriate for local conditions in addition to the particular variety natural resistance will help insure success.

## Smokin' Hot®

Hybrid Tea • cv. WEKnapoga • ©

This rose is the proof of the old adage 'there's no smoke without fire'. You can clearly see the smoky purple overlay on the fiery orange petals of *Smokin' Hot*. Quite unique! Bring the fire indoors with an attractive bouquet of these novel flowers produced singly on long stems. The plant is a bouquet factory and the flowers will look gorgeous on the table or on the fireplace mantel. But don't worry, you won't burn yourself! This rose isn't just all about flames and smoke. The combustion is cooled down by the glossy medium green background foliage. And just like 'smoke rises', so does this upright and very vigorous bush.

**Flower Color:** Dark orange overlaid with purple smoke with white reverse

## Uptown Girl®

Grandiflora • cv. WEKabacima • ®

As sweet and fashionable as its namesake, *Uptown Girl* is a must-have for a showy backyard garden or set in front of a bay window. An old-fashioned style rose, *Uptown Girl* blooms with the "quartered" look typical of English roses. Its petals are tucked into a cup shape, in serrated ranks with a scalloped appearance. Medium-sized, coral-pink flowers feature a darker reverse and outstanding color retention. If you haven't tried grandifloras, this is a great beginner's rose, thanks to its resistance to rust, powdery mildew, and downy mildew. Grandiflora roses are a combination of hybrid teas married with floribundas, and achieve the graceful blooms of a tea with the hardiness and zeal of the Floribunda.

**Flower Color:** Warm coral-pink with a deeper orange-toned interior

## Arctic Blue™

Floribunda • cv. WEKblufytir • Pat.#30,951

The tons of lilac pink blossoms of the **Arctic Blue** rose are like a cold arctic breeze coming to your garden. The cool tones are chilled by the unique lavender blue finish and iced with cream on the reverse of the petals. The flowers hold up well, even in high heat. The very shapely flower buds open slowly, as if they were frozen in time at their most beautiful stage for longer enjoyment; the blooms are attractive to the very end when the opened flowers let go of their petals, showering the ground in iced lavender blue snow. The drought tolerant, vigorous plant is dressed with a glossy green winter jacket of leaves, isolating and protecting the upright bush from mother nature's diseases, allowing the plant to produce a nonstop flowery snow storm.

- Flower Color:** Lilac pink fading lavender blue with cream reverse

## Frida Kahlo®

Floribunda • cv. WEKcfrabaum • Pat.#29,878

As an emblematic artist of Mexico, world-acclaimed painter Frida Kahlo needs no further introduction. She once said "I paint flowers so they will not die." Like the flowers she immortalized in her art, the rose **Frida Kahlo** is a lively & colorful reminder of her enduring spirit. Just as Frida is one of the most recognizable artists for her unique style, the scarlet red & gold striped flowers of **Frida Kahlo** are also one of a kind in the rose world. The swirl of colors intensifies as the flowers age, adding a red blush as the final touch. Like any painting needs a good stand, the flowers are set in small clusters on a healthy disease resistant plant with clean glossy leaves. If you are one of Frida's followers or simply a rose lover, join the Fridamania by adding a piece of art to your garden with the striking vibrant rounded flowers produced abundantly on the compact upright vigorous plants.

**Flower Color:** Scarlet red striped gold with red blush on finish

## Life of the Party™

Floribunda • cv. WEKjuicstwe • Pat.#31,861 • Huntington's 100®

This rose is a party animal when it comes to flower production. The cuppy yellow old-fashioned flowers are kissed with a pink blush when the party is over, but not too early, keeping the coloration until the petals drop. If you are too shy to invite your neighbors for a garden party, don't worry as the strong fruity smell that EXUDES from its flowers will serve as a formal invitation & attract people from far away! The long lasting blossoms are enthusiastically produced in medium sized clusters on top of an upright & bushy plant. The clean dark glossy green leaves are feeding the flower production by generating the needed energy so the party can go on & on & on!

- Flower Color:** Yellow kissed with pink on finish

## Rosie the Riveter™

Floribunda • cv. WEKzazou • Pat.#31,190

*Rosie the Riveter* pays tribute to the women who worked in factories and shipyards during World War II. The old-fashioned unusual flowers of orange-gold suffused with pink are surely reminiscent of that era. The exquisite pointy and shapely buds are proudly held on top of very glossy dark foliage as a feminine symbol of charm and strength. A flower representing a women's cultural icon without fragrance would not work. The moderate fruity & spice fragrance is the perfect complement. Like the tireless Rosies, the even rounded plants of *Rosie the Riveter* are the workhorse of the garden, producing an arsenal of flowers. Maximum flower power?

## Lady In Red™

Climber • cv. WEKvaldoam • Pat.#30,055

Care to dance? Cause 'Lady in Red...she's dancing with me'.. with her long climbing arms. Don't worry, she won't invade your dancing space as the plant is well contained and more compact than many Climbers. The lady was born and raised in the USA, with her flowers bearing the true classic AMERICAN red coloration. That means no hues of pink or blue all the way to the end of the flower's life. The large ruffled old-fashioned blossoms will take your breath away and falling in love with this lady is the only possible outcome. Are you ready to dance the night away? You better be because the vigorous plant generates bounteous flowers just waiting for a dance partner.

## Easy on the Eyes™

Medium Shrub • cv. WEKswechely • Pat.#29,984

Pleasant to look at? Attractive? Good looking? Oh yeah! All of those describe this member of the *Easy-To-Love*® rose collection. Decades of hybridizing to enlarge the magenta purple eye to its current size has resulted in an extremely novel color combo with the lavender pink flower coloration. The term floriferous falls short when talking about the number of flowers covering the entire rounded plant. There are so many flowers held in large clusters that you can barely see the lovely clean dark green and glossy foliage. Rest assured of the foliage's presence. We raised the bar on "DISEASE RESISTANCE", assuring that the plant will stay well-dressed during the growing season. This flame-red offspring of the famous *Knock Out* kicks the competition up a notch when it comes to disease resistance. *Home Run* has a phenomenal fortitude against the dreaded black spot and is completely resistant to powdery mildew & has a higher level of tolerance to downy as well. Rounded, bushy, fast-to-flower and nearly always in color. A grand slam in both the landscape and a container. Deepest red in cool temps.

**Flower Color:** Showy flame red  
**Height/Habit:** Medium / Bushy & rounded  
**Bloom/Size:** Medium, single (5 petals)  
**Re-Bloomer:** Repeat blooms throughout season

## In Your Eyes®

Shrub • cv. WEKfybomeba • ®

Thanks to this beautiful rose's parentage (a cross from a shrub rose and a Persian hultemia), *In Your Eyes* is diamond-tough, disease-resistant, and wildly prolific. The big clusters of blooms actually starts cream-yellow with a red eye and matures to lavender with a purple eye, but as each bloom appears and matures in its own time, the clusters will be fascinatingly multi-colored from spring to fall. *In Your Eyes* shrub rose also boasts a fragrance that is mild and fruity.

**Flower Color:** Yellow with a burgundy-red eye, fades to light lavender-pink with a deep purple eye

**Height/Habit:** Medium / Rounded & bushy

**Bloom/Size:** Decorative & single / Medium-small, around 1 1/2 to 2 1/2 inch diameter, in medium-sized clusters (5 to 6 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Moderate fruity with spices (Rated 5/10)

## Knock Out®

Medium Shrub • cv. RADrazz • ®

This break-through shrub is a forerunner of truly disease-free easy roses in our gardening future. So even the most unwilling gardener can now enjoy our national flower. Round, bushy and well-behaved, this gem will perk up the landscape with lots of bright cheery single flowers and loads of nearly blue-green leaves. More red in cool weather. Appreciates a light pruning. Zone 5 to 11.

**Flower Color:** Light red to deep pink

**Height/Habit:** Medium / Rounded, bushy

**Bloom/Size:** Medium / Single (5 to 7 petals)

## Party Hardy™

Large Shrub • cv. DARcanard • Pat.#21,449

It's a 'party' 'cause of the big old-fashioned bright pink blooms that arrive in showy clusters. It's 'hardy' because it was bred in Canada & has proven to be perfectly adapted for harsh winters. Actually it prefers those conditions without winter protection in Zone 3! The shrubby full plant keeps its clean green foliage to the ground, growing like mad as a result. It'll stand head & shoulder above the other roses in very cold winter climates.

**Flower Color:** Deep pink with a lighter reverse

**Height/Habit:** Medium-tall / Upright to slightly spreading

**Bloom/Size:** Medium / Large clusters (Over 40 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Slight apple (Rated 1/10)

## Pink Double Knock Out®

Medium Shrub • cv. RADtkopink • Pat.#18,507

This color sport of the famous, *Double Knock Out*, gives you all the same qualities but in a softer gentler color for the landscape. Everything's identical—flower size & form, petalage, floriferousness, bushy habit, fragrance, hardiness and, most importantly, the same resistance to black spot. Zone 5 to 11.

**Flower Color:** Medium flat pink  
**Height/Habit:** Medium / Bushy & Rounded  
**Bloom/Size:** Medium-small / Double (15 to 20 petals)

## Pink Freedom™

Medium Shrub • cv. WEKpumpahor • Pat.#31,932

Beauty and versatility go hand in hand with this lovely rose. Depending on how it is pruned, *Pink Freedom* will easily adapt to borders, can create a wonderful focal point planting, or grow into a delightful flowering hedge. Plus, no matter how it is used, you'll be presented with an abundance of stunning 3 ½" blooms that are perfect for cut-flower arrangements. *Pink Freedom* roses open fully to exhibit an old-fashioned form and sunny yellow throats. They are very easy to grow and attract butterflies to the landscape for an extra touch of charm.

**Flower Color:** Medium pink  
**Height/Habit:** Compact, bushy plant with an upright somewhat spreading habit. Medium-sized stems with dark glossy foliage  
**Bloom/Size:** Small clusters of medium-sized, decorative & semi-double flowers of around 2 ½ to 3 ½ inch diameter. 10 to 15 petals

## Sultry Night™

Shrub • cv. WEKswipufste • PPAF

**Sultry Night** features large flowers in magenta pink with hints of blue. Each petal has a lighter reverse, adding a mystical shine to this shrub rose and an unforgettable heat to the garden. While the flower size of this shrub rose is smaller than the bloom size of Floribunda roses, clusters of eight to fifteen large blooms open at once for a fairytale display of color. Resistant to powdery mildew and rust, this magical rose shrub will have you spellbound.

- Flower Color:** Magenta fading magenta-purple with lighter reverse  
**Height/Habit:** Medium-small / Bushy rounded  
**Bloom/Size:** Old-fashioned, cuppy & very double / Medium, around 3 inch diameter, in medium sized clusters (60 to 100 petals)

## Sunny Knock Out®

Medium Shrub • cv. RADSunny • Pat. #18,562

It wouldn't bear the famous trademark, unless it carried the same great black spot resistance. In roses, deep lasting yellow color is going to be difficult to genetically combine with cleanliness. Yet Sunny gives a good effort with loads of yellow buds that pop open to white single flowers on a full bushy rounded plant. Appreciates a little afternoon shade. Zone 4 to 11.

- Flower Color:** Pale yellow-white  
**Height/Habit:** Medium / Rounded & compact  
**Bloom/Size:** Medium, single (5 to 7 petals)  
**Re-Bloomer:** Repeat blooms throughout season

## Take It Easy®

Medium Shrub • cv. WEKyoopedko • Pat.# 26,816

Take It Easy, relax and enjoy life! You won't have much work to do in the garden after planting this new rose for which natural disease resistance is a true statement. The dark green, shiny & healthy foliage is the perfect background to showcase the many clustering buds and flowers. Of a classic red color, this dynamite of a rose has ideal pointy and very elegant buds. The red coloration doesn't go too pink or blue as the petals are falling away. A touch of lighter pink on reverse lights up the show of this blooming 'machine'. And that's not all! The plants excellent vigor and the naturally self-maintained habit are other reasons why you can Take It Easy!

- Flower Color:** Red with lighter reverse with a white eye  
**Height/Habit:** Medium / Upright & bushy  
**Bloom/Size:** Medium / Globular, cuppy (15 to 25 petals)

## Top Gun™

Medium Shrub cv. WEKmoridador • Pat.#29,699

**Top Gun** – The Best of the Best. That's a true statement as this variety has excellent 'DISEASE RESISTANCE' to major rose diseases. Just this fact alone makes it a very good new introduction for the landscape. But, with the added resistance to Rose Rosette Disease, it's truly the Best of the Best. In multiple years of trials throughout the Eastern United States, **Top Gun** came out standing proud untouched by Rose Rosette where most other varieties showed symptoms of infection. That's quite amazing! The top-ranked variety is also a high performer when it comes to bloom production. The rounded bushy well-behaved plant produces vigorous stems ending with clusters of long-lasting dark red flowers. For top flowering performance in the garden and outstanding clean foliage in most climates, look no further than **Top Gun!**

- Flower Color:** Red with a dark suffused with burgundy  
**Height/Habit:** Medium / Rounded & bushy  
**Bloom/Size:** Semi-double / Medium, 2 ½ to 3 inch diameter, in small clusters (About 10 petals)

## Watercolors Home Run®

Medium Shrub cv. WELsolcibarko • Pat.#28,656

The ever-changing yellow gold blushing pink flowers of the new player complete the lineup. Now we have a Major League All-Star team. Like in humans, there are similarities amongst family members in plants. The **Home Run** varieties are well known for their 'NATURAL DISEASE RESISTANCE', well-behaved rounded habit and excellent flower production lasting from spring well into fall. And you'll get all that with **Watercolors Home Run!** Nearly always in color with its big clusters, why don't you enjoy the Seventh-inning stretch to relax and let this rose be the MVP of your garden!

- Flower Color:** Yellow-gold with pink blush  
**Height/Habit:** Medium / Rounded & bushy  
**Bloom/Size:** Single / Medium-small, around 2 ½ to 3" diameter, in large clusters (5 to 8 petals)

## Playful Happy Trails™

Groundcover • cv. WEKrahatjacor • Pat.#33,323

Boasting a brand new coloration for its type, this sophisticated groundcover rose bears rich red blooms, each accented by a creamy white center. With a darker hue than has been seen in the Happy Trails series, Playful is sure to become a popular choice for covering bare sites in woodland gardens, landscape beds and along sunny front borders. Self-cleaning flowers have an old-fashioned rose appearance and emerge all summer long, emitting a light tea fragrance throughout the area. Like its predecessors, this newcomer is very easy to grow and requires little maintenance or special care.

**Flower Color:** Medium red with large yellow eye zone  
**Height/Habit:** Low / Trailing & spreading  
**Bloom/Size:** Decorative & single / Small, 1 to 1 1/2" diameter, in small clusters (5 to 7 petals)

## Rainbow Happy Trails™

Groundcover • cv. WEKSurdicla • Pat.#28,655

"Somewhere over the rainbow", you'll fall in love with this treasure of a rose! The valuable gold comes in the form of beautiful flowers of vibrant yellow-gold blushed with pink on the edges of the petals. This is not just a one-time wonder as the flowers are abundantly produced throughout the year. Like the everlasting glitter of gold, the flowers are non-fading, holding their coloration until the petals drop. The habit of this vigorous good luck charm is neither rounded like a pot nor square like a treasure chest. As a true Groundcover with a trailing & spreading habit, the branches stay low to the ground to spread the rainbow throughout the garden!

**Flower Color:** Yellow-gold / Dark pink to light red blush

## Sunset Happy Trails™

Groundcover • cv. WEKhaplameba • Pat.#31,034

Buds begin in a light peach surrounding yellow centers, before fading to a stunning seashell pink color. Thanks to its everblooming nature and glossy green foliage, **Sunset Happy Trails** is an outstanding groundcover—just like the others in this collection. Try the members of the Happy Trails collection in rock gardens, on hillsides, or in hanging baskets. Excellent resistance to downy mildew, black spot, and rust make this a perfect low-lying coverage plant, even in troublesome areas.

## Sunshine Happy Trails™

Groundcover • cv. WEKsusacofloc • Pat.#27,864

"Some trails are happy ones. It's the way you ride the trail that counts." In this case, 'trails' is a perfectly chosen word as it describes the plant growth very well. The vigorous and floriferous plants are neither rounded nor compact. They are spreading and trailing low to the ground like a true Groundcover rose should do. To get sunshine every day in your garden even on cloudy days, there's no better choice than this rose! The cheerful flowers are produced in abundance even in the fall on medium-sized clusters. And if you need to leave a trail of fallen petals to mark your way, rest assured that you'll be able to see them clearly because the petals of this delightful variety will hold a nice yellow coloration until the end.

**Flower Color:** Medium yellow to buttery gold

**Height/Habit:** Low / Trailing & spreading

## Tree Roses

### 18" Patio Trees

18" Patio Trees are produced by budding our popular Patio roses and small Shrub varieties onto an 18" Dr. Huey trunk.

### 24" Patio Trees

24" Patio Trees use Floribunda and Shrub varieties budded onto a 24" trunk. 18" and 24" Patio Trees can fulfill your need for formal landscape accents in smaller spaces. Create special colorful containers by surrounding the trunk with flowering annuals.

### 36" Standard Trees

Standard Trees are husky two-year-old plants grown on a sturdy 36" rootstock. We offer a broad selection of popular varieties, unusual weeping types and new intros.

### 36" Two-fer™ Trees

Weeks' 36" Two-fers are guaranteed to cause quite a clamor in your garden. Imagine the excitement of two colors of flowers on just one tree. We've carefully selected two different varieties that are perfectly balanced in flower size, floriferousness, foliage and habit to bud onto our sturdy 36" rootstock. A real attention-grabber!

## Tree Roses

### 18" Patio Trees

18" Patio Trees are produced by budding our popular Patio roses and small Shrub varieties onto an 18" Dr. Huey trunk.

### 24" Patio Trees

24" Patio Trees use Floribunda and Shrub varieties budded onto a 24" trunk. 18" and 24" Patio Trees can fulfill your need for formal landscape accents in smaller spaces. Create special colorful containers by surrounding the trunk with flowering annuals.

### 36" Standard Trees

Standard Trees are husky two-year-old plants grown on a sturdy 36" rootstock. We offer a broad selection of popular varieties, unusual weeping types and new intros.

### 36" Two-fer™ Trees

Weeks' 36" Two-fers are guaranteed to cause quite a clamor in your garden. Imagine the excitement of two colors of flowers on just one tree. We've carefully selected two different varieties that are perfectly balanced in flower size, floriferousness, foliage and habit to bud onto our sturdy 36" rootstock. A real attention-grabber!
